ORDER CODE:	A366
MODEL:	PBK-10H
Ram Capacity (Tonne):	10
Nett Weight (kg):	32

Description

This Kit is Great for Tradesmen, Mechanics, Panel Beaters, Handyman, Apprentices, Workshops etc

This Hafco PBK-10H Hydraulic Panel beating kit has just about every attachment needed to bend, straighten, stretch, push, spread & manipulate automotive metal frames & panels back to its original shape or location.

The Hydraulic 2 stage fast & slow pump with hose & connector provides greater control when in use and easily allows you to change from the 10 tonne, 130mm stroke ram to the 0.5 tonne spreader ram. This kit includes a 160 x 90mm base to suit ram, 110, 265, 365 & 520mm extension tubes, 78mm round rubber head, Round head, Square head, Tapered wedge head, Cylinder toe, Extension toe and is all neatly packed into a handy storage carry case with wheels for your convenience.
