Please Call

ORDER CODE:	A4530
MODEL:	IBP-12
Type:	Modular Kit
Size:	~
Suits:	K0367, K0368

Description

Keep your workspace organised and efficient with the Workbench Modular Tech Kit. Designed to integrate seamlessly with the Modular Workbench System, this kit provides convenient storage and positioning for essential workspace items. The adjustable monitor holder raises your monitor to a comfortable viewing height, helping to improve ergonomics while freeing up valuable bench space. The label holder keeps important job information, instructions, or identification clearly visible and within easy reach.

Whether you're outfitting a workshop, garage, warehouse, manufacturing facility, or industrial workspace, the Modular Tech Kit helps create a cleaner, more productive workstation.

Features

- Designed to suit the Modular Workbench System.
- Raises your monitor to a comfortable viewing height for improved ergonomics.
- Frees up valuable workbench space by positioning your monitor above the work surface.
- Label holder keeps job cards, work instructions, labels, or identification clearly displayed.
- Helps improve organisation and workflow efficiency.
- Heavy-duty steel construction for long-lasting durability.
- Powder-coated finish for corrosion resistance and a professional appearance.
- Easy to install using the existing modular workbench mounting system.
- Ideal for workshops, warehouses, production facilities, service centres, and garages.

Includes

- 1 × Monitor Holder (MWM1)
- 1 × Label Holder (MWL1)
