Number of Drawers (No.):	2
Drawer Load Capacity (kg):	40
Maximum Total Load Capacity (kg):	100
Includes Backing Panel:	~
Dimensions (W x D x H) (mm):	565 x 580 x 280
Nett Weight (kg):	16.6

Description

The Workbench Modular Lockable Cabinet is a heavy-duty storage solution designed to mount securely beneath a compatible modular workbench, providing safe and convenient storage for tools, equipment and workshop essentials while maximising valuable workspace. Featuring a lockable door and an internal adjustable shelf, the cabinet helps protect valuable items from unauthorised access while keeping your work area organised and clutter-free. Constructed from durable steel with a tough powder-coated finish, it is engineered for demanding workshop, garage, warehouse and industrial environments. Designed as part of a modular workstation system, the cabinet integrates seamlessly beneath the workbench to create a professional, space-efficient storage solution.

Features

- Heavy-duty steel construction for maximum strength and durability.
- Securely mounts beneath compatible modular workbenches for a clean, integrated installation.
- Lockable door helps protect valuable tools, equipment and personal items.
- Large storage compartment with one adjustable internal shelf.
- Cabinet dimensions: 565(W) x 580(D) x 450(H) mm.
- Cabinet load capacity of 100kg.
- Internal shelf rated to 40kg evenly distributed load.
- Maximises storage while maintaining valuable workbench space.
- Powder-coated finish provides excellent corrosion resistance and a professional appearance.
- Ideal for workshops, garages, warehouses, maintenance facilities and industrial workstations.
- Modular design integrates seamlessly with the Workbench Modular Storage System.
- Supplied ready for installation beneath compatible workbenches.
- Suitable for workbench's MWB-1275, IWB-12, IWB-40, IWB-2275, K0367 & K0368
