MODEL:	MWS12
Type:	Workbench Modular Bottom Shelving
Size:	~
Suits:	K0367,K041, K042 & K044, A415

Description

The Workbench Modular Bottom Shelving 1200 is a heavy-duty under-bench storage solution designed to maximise workspace efficiency by providing convenient storage beneath compatible 1200mm modular workbenches. Featuring two full-width steel shelves, it offers ample space for storing tools, equipment, storage bins and workshop consumables while keeping the work surface clear and organised. Constructed from durable steel with a tough powder-coated finish, the shelving system is built to withstand demanding workshop, garage, warehouse and industrial environments. Designed as part of the Workbench Modular Storage System, it integrates seamlessly with compatible workbenches to create a practical, organised and professional workstation.

Features

- Heavy-duty steel construction for superior strength and long-lasting durability.
- Designed to fit compatible 1200mm modular workbenches.
- Includes two full-width storage shelves for maximum under-bench storage.
- Maximises unused space beneath the workbench.
- Ideal for storing tools, equipment, parts bins and workshop consumables.
- Keeps the work surface organised and free from clutter.
- Open shelf design provides quick and easy access to stored items.
- Durable powder-coated finish offers excellent corrosion resistance and a professional appearance.
- Suitable for workshops, garages, warehouses, maintenance facilities and industrial workstations.
- Integrates seamlessly with the Workbench Modular Storage System.
- Quick and easy installation onto compatible workbenches.

Includes

- 2 × Workbench Modular Bottom Shelving 1200 (MWS12)
