Pipe & Tube Notcher - TN-250

Ø19.05 - Ø63.5mm OD Tube Capacity & 2" NB Pipe Capacity

ORDER CODE:	B8500
MODEL:	TN-250
Machine (Type):	Pipe & Tube Notcher & Attachment
Notching Cutter (Type):	Hole Saw (Optional)
Tube Capacity (OD) - Mild Steel (mm):	Ø19.05 - Ø63.5
Pipe Capacity (NB) - Mild Steel (inch / mm):	Ø2"
Angle Adjustment (Degree):	0 - 75°
End Mill Size (inch / mm):	~
Belt Size (mm):	~
Belt Speed:	~
Cutting Speed (rpm):	~
Motor Power (kW / hp):	~
Voltage (V):	~
Dimensions ((mm)):	610 x 305 x 305
Nett Weight (kg):	23

Description

The best hole saw notcher in the world: a big claim, but customers say the TN-250 lives up to it. It’s the only hole saw tubing notcher on the market that’s always centered.

Patent #8,734,066

Features

- Notches up to Ø63.5mm OD
- Our patented self-centering vice can clamp down anywhere on tube, including the middle of bends
- Fully-adjustable axis accommodates almost any notch combination
- Carriage pivots up to 240° left to right, so you can come from the “back side” of the notch
- 2 slotted mounting rails move up and down with scales for offset notches up to 25.4mm and allow for almost any position of the bearing block
- Large engraved degree dial (or angle-finder) helps you get those back-side notches lined up
- 31.75mm Thompson® shaft rides in sealed and oiled needle bearings for smooth performance
- Both ends of the shaft are completely replaceable to save you time and money
- Heavy-duty 19.05mm steel plate backbone and all-interlocking components create a rigid platform that reduces vibration and prolongs the life of the hole saws
- All slots include caps to last longer
- Requires a 12.7mm hand drill

- Note: Hole saw cutters sold separately
