ORDER CODE:	C3128
MODEL:	IND5.5
Type:	Horizontal
Piston Displacement (CFM / LPM):	23 / 650
Free Air Delivery (CFM / LPM):	18.7 / 529
Cylinders (Type):	2
Stages (No.):	2
Max. Pressure (PSI):	150
Max. Pressure (kPa):	1034
Tank Capacity (Litre):	200
Motor Power (kW / hp):	4.1 / 5.5
Voltage (V):	415
Nett Weight (kg):	121

Description

This is our smallest industrial 2 stage model, which has found wide acceptance in the automotive industry. Because of the electric motor size (4kw) it can be used with a direct-on-line starter (already fitted to all Air Command industrial machines) so that the extra cost of fitting a star-delta starter is not incurred.

As it is a 2 stage compressor, it can be used for high pressures (150psi) in applications such as truck tyre inflation. It is also a very convenient size for small joinery and automotive workshops where a small tool and spray gun are used simultaneously.

Features

- 5.5hp motor, 3 phase
- Twin cylinder cast alloy pump
- 2-stage, 150psi
- 23cfm displacement
- 650 litres/min.
- 200L receiver
- DOL starter
- 2 year industrial warranty
- Made in Italy
