Drill Size (mm):	11.5
Quantity Per Pack (No.):	5

Description

Each drill is manufactured from M2 High Speed Steel which is the highest grade for drills. Each drill is made with precision ground flutes and is ground with 135° point to cut metal & harder materials. The drills also have been ground with a split point. The benefit of a split point is to reduce the material at the point and allow the drill to cut easily without a pilot drill and also reduces the drill wandering.

Features

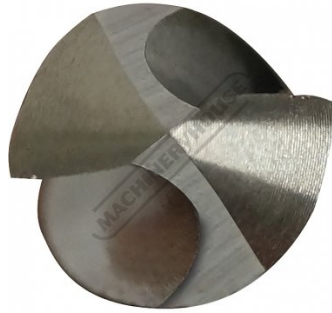

- Industrial M2 grade high speed steel
- Ground flute & split point
- 135° ground drill point
- For use with machine tools or hand held drilling
- Suitable for a wide range of materials
- Suitable for engineering workshops and tradesman
