Petrol Driven Inverter Generator - Silenced - PT3200I

4.2 kVA

Ex GST	Inc GST
$1,169.57	$1,345.00

ORDER CODE:	G115
MODEL:	PT3200I
Power Rating (Watts):	3300
Continuous Output (Watts):	3000
Phase (Type):	1
Engine Model (No.):	Powerdyne
Engine (Type):	OHV 4 stroke
Noise Level @ 7 Metres (dB):	55
Start Method (Type):	Recoil
230V Power Socket (Qty):	2
230V Power Socket - Voltage & Plug Amps (V / Amp):	230 / 15
400V Power Socket (Qty):	~
400V Power Socket - Voltage & Plug Amps (V / Amp):	~
DC Power Outlet (Qty):	~
DC Power Socket - Voltage & Amps (V / Amp):	~
Fuel Tank Capacity (Litre):	3.8
Fuel (Type):	Unleaded
Operation Time @ 80% lOAD (hrs):	10.5
Dimensions (L x W x H) (mm):	475 x 280 x 430
Nett Weight (kg):	22

POWERTEC

1 YEAR WARRANTY

Description

Not only does the PT3200I outperform the competition... but it's quieter, smaller and lighter.

Introducing the brand new PT3200I inverter generator delivering maximum output with minimum effort. This ingenious generator is powerful, portable and super sleek with lots of great features.

Weighing in at only 20kg, this mighty mouse has enough power to run a microwave oven, a camping fridge, a kettle or a television. It is fitted with a newly designed muffler and air filter to achieve super quiet performance. Its advanced noise block sound reduction system means you can have a conversation without raising your voice. In fact, it is so quiet that you will not even notice that it is running, which you, and your neighbours, will appreciate around the campsite.

Its small size, ease of use and handling make the PT3200I a perfect companion away from the campsite as well. It can be used at home as a standby generator or to provide power for anywhere from construction sites, to markets, to running outdoor sound systems.

The PT3200I is also equipped with a parallel use function for when additional power is needed to accommodate a wider range of uses, such as running a combination of appliances in a motorhome or caravan.

Features

- 3300W Peak Power, 3000W Rated Power
- Ideal for Camping and Home Use Applications
- 145cc Powerdyne 4-stroke OHV Engine
- 2x 15A 230V Power Outlets - Ideal for operating domestic electronics
- Twin USB Outlets - ideal for charging small sensitive electronics.
- Compact 3.8L fuel tank
- Fuel Shutoff Feature for Safe & Easy Transportation
- ECO Mode adjusts engine RPM to load for fuel savings
- Low Oil Alert Function for improved longevity
