Description

Tough as snake skin while remaining flexible at extreme temperatures from -40 up to 60C. ViperFlex is made from space age composite materials that make it tough while being light and supple. Your air tools are heavy enough - Quit fighting with air hose that fights back. ViperFlex retains no memory of being coiled and lays out flat with no effort. Complete with steel 1/4" Aro Coupler.

Features

- Heavy Duty polymer hose material redefines flexibility
- 300psi working pressure
- Bend restriction for reducing wear and tear and extending life for hose
- Holds no memory. Kink resistant under pressure
- 3/8" flow diameter, 10m length
- Extreme, all weather flexibility even in sub-zero temperatures
