Description

DrumGrab provides a safe, easy & reliable way to shift, manoeuvre and lift 205 litre drums. The DrumGrab is self centring, fast & easy to lock on & will not come off until required.

Features

- Capable of vertical & side lifts with steel or plastic drums
- DrumGrab locates onto drum via three lifting points at 120 degrees apart
- 1 tonne working load limit
- Self centering, fast and simple to use
- Lift and lower drums onto or from their side.
- Extract a drum from a cluster of other drums
- Easily portable
- Helps prevent injuries and spillages
- Use with almost any lifting device. (From a chain block to a helicopter)
- Robust and reliable for harsh conditions.
