ORDER CODE:	L802
MODEL:	RCS-3000
Length Stop Length (mm):	3000
Suits Conveyor Width (mm):	290 - 600

Description

Overview
The heavy-duty L-shaped aluminium extrusion is uniquely designed for easy mounting onto the standard Hafco roller conveyor to make the set-up quick & easy. The extrusion design incorporates the use of a standard 25mm measuring tape that slides into the extrusion making customizable & adjustable to suit your needs. The swing away stop is made using twin parallel plates for rigidity & accuracy with the added function to flip up & out of the away when not in use, plus it is micro adjustable via the M20 threaded bar to ensure an accurate zero point during set up. With the addition of the optional RCS-STOP you can turn this length stop into a multi-stop system with ease. Save time & money with this affordable & accurate length stop.

PLEASE NOTE: Roller Conveyor & Stand Not Included

Features

- 3m Heavy aluminium extrusion
- Quickly mounts using T-Slots onto the Hafco RC-290, RC-450 & RC-600 series of conveyors
- Swing away style stop with micro adjustable arm
- Adaptable for either RH or LH applications
- The stop incorporates an adjustable locking handle
- Includes 25mm standard measuring tape & mounting hardware
- Optional additional stops available to turn this system into a multi-stop
