ALIGN Made in Taiwan 1 YEAR WARRANTY 24V

## Description

The Align air power drawbar kit has everything you need to streamline tool changes and increase production. The kit comes supplied with M12 & M16 extra-long drawbars and a drive body so you can cut and fabricate it to the exact length needed for your mill. The adapter plate is already drilled to suit most mills, but is large enough to allow you to drill or slot mounting holes to fit your configuration.

Installation information can be viewed by clicking "Downloads" and please note, some machining or modification maybe required to suit your machine.

## Features

- Suits NT30, NT40 spindle milling machines
- Air filter and lubricator
- A compressed air supply of 90PSI or equivalent and a 24V supply on the machine will be required for this item
- Optional drawbar available to suit R8 spindle milling machines

## Includes

- M12 Two piece drawbar to suit NT30 Taper
- M16 Two piece drawbar to suit NT40 Taper

## Optional Accessories

- 5/8" Whitworth Drawbar to suit NT40 Taper (MZ026B)
- 7/16"UNF Drawbar to Suit R8 Taper (MZ026A)
- M12 One-Piece Drawbar to suit BM-40V (MZ027)
- M16 One-Piece Drawbar to suit BM-60VE (MZ028)
