**Description**

Floor tiles available in Black, White, Red, Blue & Yellow colours

The interlocking floor tiles are modular in nature. Hence, you can start the floor installation from any corner of the room. All you need to do is align the loops and snap them together. The tiles are designed to easily snap together with a loop-to-peg interlocking system.

This flooring system is user friendly to work with no matter what area you intend to cover, for E.G. creating a small floor mat for your car or even large areas such as a Workshops, Trade Shows, Home Garages, Gyms, Children Play Rooms, Sheds, Office, Your Man Cave or Basement.

Features

- Made from blue high-impact polymer plastic
- Great for covering up floor imperfections such as crack, or stains
- Easy to assemble by simply connecting and snap lock together
- Diamond grid pattern, helps prevent accidental slips
- Can be cut to fit around difficult objects with a saw
- Resistant to most natural household or automotive fluids
- Each tile when connected is secured in place by 16 locking points
- Tiles can be cleaned by mopping to maintain sheen

Includes

- 22 blue tiles per pack to cover 2 square metres

Optional Accessories

- Black tapered edges with lug 10 pack (M813)
- Black tapered edges without lug 10 pack (M814)
- Black corners 4 pack (M815)
