Digital Angle Gauge - Angelo

0º~225º Range
-45º~180º

ORDER CODE:	M978
Type:	Angle Gauge
Blade Length (mm):	225 x 50
Range (deg):	0º~225º
Graduated Scale (mm):	~
Resolution (deg):	0.05º

Description

This tool is invaluable for many angle measuring and transfer applications. It is simplicity itself to operate. The main body houses the electronics that provides a very clear detailed LCD display. The body incorporates a leveling vial and the pivoting arm. When the arm is moved the angle it makes with the base is displayed to the nearest 0.05°. The measuring range is 0º~225º at each locking point. The vial allows variations from the vertical and the horizontal to be accurately measured. Other features include a hold function to prevent the last measurement being lost, a low battery indicator and automatic shut off function.

Features

- Absolute & incremental
- Four different locking holes for 0º~225º measuring range
- Remove lock nut for 360º blade rotation
- 0.05º increment accuracy
- Calculates angles almost instantly
- Large detailed LCD display
- Robust, lightweight aluminium construction
- Measuring range of 0º~225º
- Zero button

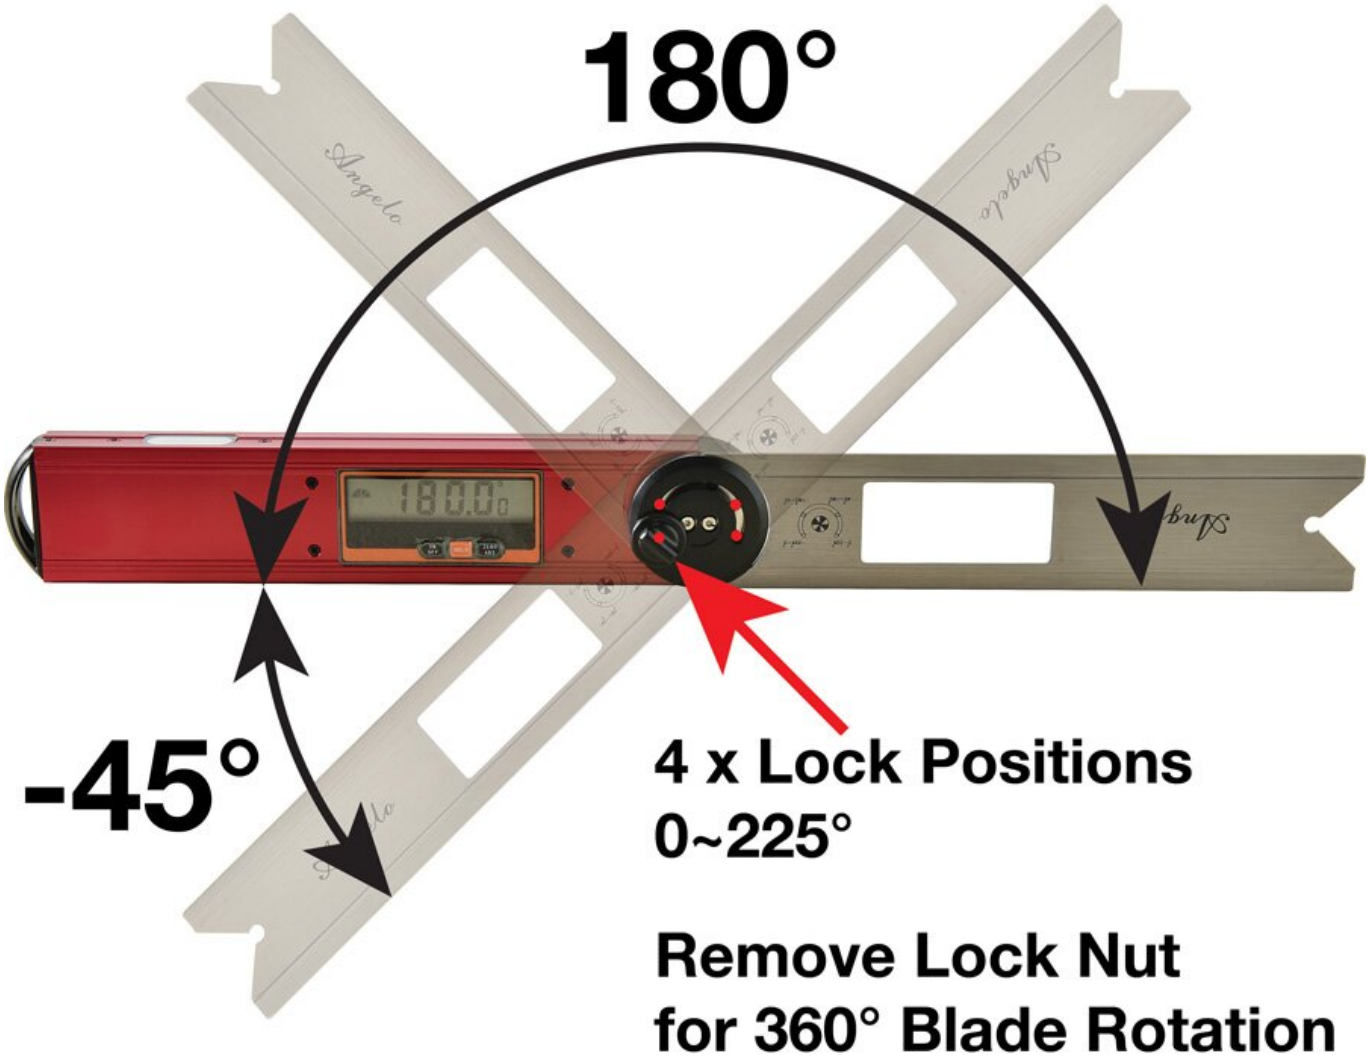

Includes

- Includes CR2032 battery
