### Description

Creamy fluid hand cleanser with unique detergent and softening properties. The washing base is a combination of ingredients, free of solvents and of other substances harmful to the skin, but effective against dirt of any kind. Macro Cream also contains fine micro-spheres of vegetable origin that add strength to the cleansing action. Its pH means it can be used as needed, without causing any reddening of the skin.

INSTRUCTIONS: Dispense the product onto your dry hands and rub until the dirt is emulsified, then rinse carefully.

CHARACTERISTICS: Dense light tan cream with a fruity-floral fragrance

RECOMMENDED FOR:

GREASY DIRT - Grease, Oil, Lubricants, Hydrocarbons, Bitumen...

DRY DIRT - Fresh Paint, Enamel, Silicone, Rust, Graphite, Glue, Resin...

APPLICATIONS - Industrial Workshops or Home

### Features

- 5 litre T-box with pump dispenser
