Description

Swap and pay only for the price of the gas. No delay because there are pre-filled gas cylinders waiting for you. Well that’s EZi as! No rental fees, contracts, administration fees, or low usage charges.

EZiSWAP GAS provides a user friendly industrial gas cylinder swap system that saves you money. We have got you covered with Argon, Argon/Co2 mixes, Oxygen, Acetylene, Nitrogen, Co2, and Nitrogen/Co2 mixes

Commonly used as a shielding gas for MIG welding aluminium and TIG welding. Another industrial use is improving thermal insulation in double glazed windows. Others include incandescent and phosphorescent tubes, food processing and refrigeration.

Please Note: This gas bottle is pick up only, can not be freighted on couriers

Features

- Never pay rent again, saving you time and money!
- Suitable for MIG welding of aluminium and all TIG welding
- Refillable Argon Gas bottle
- Size "F"
