Batteries (Type):	~

Description

The Measumax DP360 is a revolutionary tool that allows for an accuracy of 0.1° at the vertical and horizontal planes and 0.2° accuracy at all the other angles. The front panel buttons can be used to capture the current reading or set up an alternate angle. The display remains upright when the protractor is inverted. The unit can be recalibrated in the field.

Features

- Full 360° range (90° x 4)
- Easy to read LCD screen that remains upright at all times
- Aluminium frame
- Resolution:0.1°
- Hold reading function

Includes

- Includes CR2032 battery
