Description

62329 100mm Dovetail and Deep Gripper Jaws

Featuring a specialised dovetail profile, these jaws are ideal for turning large bowls, green timber and hollow vessels. They combine the profile of our previously popular 100mm dovetail jaws with a deep body and internal teeth to improve versatility. The outer dovetail jaws are ideal for large bowls or platters, particularly when gripping onto a spigot and the deep internal toothed body is ideal for large spigots of large hollow vessels.

Features

- Expansion: 94 - 114mm
- Contraction Spigot: 76 - 95mm
- Contraction Square: 54 - 74mm
