Product Brochure For R980

Roller Stand - RPR400S

635-1050mm
68kg

ORDER CODE:	R980
MODEL:	RPR400S
Application:	Medium Duty
Height Adjustment (mm):	635 - 1050
Load Capacity (kg):	68
Roller Size (mm):	Ø47 x 300
Type:	Single Flat Steel Roller

Description

Ideal for wood and metal working machinery

This adaptable roller stand is an invaluable addition to any workshop. It has myriad uses, being ideal for supporting work when using powered or hand tools. Any number of additional stands can be used, depending on the size and weight of timbers.

Rotating Height & Adjustable Head:
Unlike many roller stands, the head can rotate to any angle required and can be extended to a maximum height of 1050 mm.

Sealed-for-Life Bearings:
The sealed-for-life bearings ensure many years of trouble free use.

Effective Load Spread:
Thanks to the splayed leg design, the downward force is transmitted outwards, providing greater stability and reducing load on the locking knob.

Ideal for Irregular and Curved Items:
Cylindrical and irregular items can be supported with multiple stands, using the configuration shown.

Features

- 635 to 1050mm height adjustment
- Ø47mm x 300mm roller size
- Sealed for life bearings
- Rotating head
- Non slip feet
- Maximum load of 68kg
- Size: H635-1050 x W470 x D550 mm
- Weighs 3.5kg's
