Description

With a heavy-duty powder coasted steel frame this rack is perfect for any warehouse or workshop looking for a solid modular storage solution. Supplied standard with 6 steel adjustable steel shelves giving you the flexibility to place the shelves to your liking & with the addition of our optional 2 pack of spare shelves you can add to this system to customize it to your application. The frame has dual side shelf mounting holes to extend your storage with the additional of another rack plus optional shelves to turn two racks into three.
Use in conjunction with our plastic bins making it ideal for storing items such as machine parts, electrical components, bearings or just about anything a workshop or warehouse needs.
“For safety reasons it is recommended that this rack be secured to a wall to prevent it from toppling over, as we are unsure of where you will place this rack no fixing devices are included for this purpose”

Features

- Powder coated side frames are welded top and bottom with cross member supports
- Steel shelves with 100kg capacity with uniquely designed return to prevent tubs from falling of the back
- Shelves secured to mounting brackets with bolts
- Supplied with cross braces secured with bolts and nuts
- Includes adjustable leveling feet

Includes

- 2pcs of welded steel frames
- 6 shelves with mounting brackets
- Sheetmetal frame caping & flat bar cross bracing
