Nett Weight (kg):	3

Description

A dual function hand tool particularly useful for vehicle body and sheet metal repairs that involve joining metal pieces together.

Pressure from one side forms a shallow stepped edge so that an adjacent overlapping sheet sits flush.

The head also rotates to activate hole punch ideal for spot welding.

Features

- Dual head: crimp flange & punch tool
- Fast conversion by simply turning the head
- 1mm sheet metal capacity
- 13mm x 22mm crimp (DxW)
- Ø5mm hole punch
- Spring return handle & tool head
- Fitted with non-slip PVC grips
