1/2" - 2" Pipe Capacity

ORDER CODE:	T034NZ
MODEL:	Rex P50AV CE
Capacity (inch):	1/2 - 2
Motor Power (W):	700
Voltage / Amperage (V / amp):	230
Nett Weight (kg):	48

Description

EASY TO CHANGE THE DIES

Dies can be changed without removing the die head from the machine.

Notches in the dies click into position against spring balls in the die head to allow you to easily confirm the dies have been installed correctly.

EASY TO CHANGE THE CHUCK JAW INSERTS

Chuck jaw inserts can easily be changed using a hexagonal wrench. It's not necessary to disassemble the chuck, so maintenance can easily be performed even at site.

EASY TO CHECK AND INSPECT THE OIL PUMP TOO

Oil pump is ready accessible so it is easy to check.

EASY TO CHANGE THE CARBON BRUSHES

Carbon brushes come with a stopper so that when they are worn the motor stops automatically, which avoids damaging it. To access and replace the brushes, remove the side and bottom covers with a screwdriver. The brushes can be changed easily, even if they wear out while working at a construction site.

Features
