Description

The HAFCO Workshop Series Storage System is a heavy-duty, professional storage and workspace solution designed for garages, workshops, automotive environments, tradespeople and serious DIY users.

Combining a durable steel storage system with a large stainless steel work surface, this storage system provides a practical central area for working, organising tools and storing workshop equipment.

This configuration features a larger top drawer, providing additional storage space for larger tools, equipment and workshop accessories, this version incorporates a double-door bottom cabinet, providing additional enclosed storage for larger items and equipment.

The storage system retains the same core features as the rest of the HAFCO modular range, including the large overhead storage cabinet, pegboard tool organisation system, integrated PowerPoint outlets and USB charging ports.

The result is a clean, professional and highly functional storage system that maximises storage while maintaining a compact footprint.

Top Drawer: 1240 × 482 × 76.9mm

Drawer 2-6: 775 x 482 x 57.5mm

Bottom Drawer: 775 x 482 x 136.5mm

Bottom Cabinet: 1360 x 612 x 910mm

Bench Top: 1361 x 617 x 38mm (Height 948mm)
