Series:	Workshop Series
Drawers (No.):	17
Overall Dimensions (W x D x H) (mm):	2041 x 617 x 2000mm
Nett Weight (kg):	265.5

Description

The HAFCO Workshop Series Storage System is a is a wide, heavy-duty workstation designed for professional workshops, garages, automotive environments, tradespeople and serious DIY users who require maximum tool storage and a versatile working area.

At 2041mm wide, this storage system provides substantially more storage and usable bench space than compact workbench configurations, while maintaining a clean and professional design.

The workstation features 17 drawers, providing extensive organised storage for hand tools, workshop equipment, accessories and consumables. The drawers are arranged across three storage modules, providing easy access to tools while keeping the work area organised.

Above the workbench, three individually divided overhead cabinets provide additional enclosed storage and make efficient use of vertical wall space.

One of the standout features is the pull-out centre cabinet, which can be extended from the storage system to create a dedicated seated working area. When combined with a suitable workshop stool, the pull-out section allows the user to comfortably sit at the workstation for detailed tasks, assembly, inspection, computer work or other applications requiring a seated position.

The storage system also incorporates a stainless steel work surface, square-hole pegboard, integrated PowerPoint outlets and USB charging ports, providing a complete and highly functional workshop solution.

Top Drawer 1-2 Roll Out Cabinet: 526.4 x 402.8 x 58.2mm

Drawer 3-5 Roll Out Cabinet: 526.4 x 402.8 x 137.2mm

Top Drawer Left: 560 x 482 x 62mm

Drawer 2-5 Left: 560 x 482 x 141mm

Top Drawer 1-5 Right: 560 x 482 x 62mm

Drawer 6-7 Right: 560 x 482 x 141mm

Wall Cabinet: 680 x 281 x 350mm

Bench Top: 2041.5 x 617 x 38mm (Height 948mm)
