MODEL:	ITC-5
Number of Drawers (No.):	5
Drawer Load Capacity (kg):	100
Maximum Total Load Capacity (kg):	600
Includes Backing Panel:	~
Dimensions (W x D x H) (mm):	565 x 653 x 750mm
Nett Weight (kg):	82.5

Description

This cabinet is designed to be part of our modular workplace storage system giving you the flexibility to customise to suit your workshop. Purchase as an individual cabinet, add the optional wheel kit or incorporate the optional 40mm bench-top & kickboard kit to turn this into an ideal workshop workspace & storage solution. Available in 4, 5 & 6 drawer combinations along with a storage cupboard so the choice is yours to design your ultimate workshop set-up.

The heavy-duty powder coated steel frame & commercial quality fabricated components provides maximum rigidity for the most demanding industrial applications. With heavy single key lock security & mechanical safety feature to only allow one drawer to be opened at any one time. Along with high quality ball bearing slides to guarantee years of smooth performance.

Features

- Heavy duty tooling cabinets, ideal for industrial applications and serious workshops
- The sliding drawers are a welded strengthened single rail design coupled with high quality mechanical bearings for long lasting smooth operation
- Each drawer is rated at 100kg load capacity with 97% drawer access
- Single Key lock design for safe & secure storage.
- Mechanical safety mechanism which allows one drawer to be opened at a time, preventing the cabinet to tip over
- All drawers come with adjustable steel dividers
- 400kg maximum total load capacity
- Optional 40mm bench top & kickboard base kit (T7690)
- Optional trolley kit of 4 x casters, handles, top tray with protective rubber mat (T7689)

Includes

- Drawer 1,2 & 3 - 100mm high with adjustable steel dividers
- Drawer 4 - 150mm high with adjustable steel dividers
- Drawer 5 - 200mm high with adjustable steel dividers
