Description

These three-sided clamping squares feature machined square surfaces for a variety of clamping applications. Clamping squares can be used as part of your framework to support clamps & other fixtures at varying heights.

Stack clamping squares as needed to match the height of tall workpieces or add fixture components such as V-Blocks to hold your workpiece vertically or horizontally. The combination of holes and slots provide unlimited versatility in clamping, locating and positioning.

Features

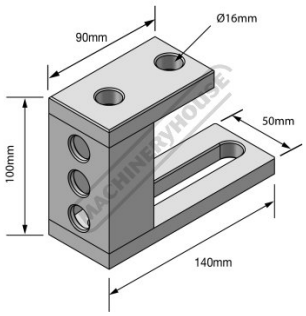

- 12mm thick steel construction
- Includes 5 x Ø16mm hole & 1 x 105mm slot
- 3 machined faces
