Description

Unlimited clear view of your workspace, filtered and clear air with adjustable air distribution makes the clearmaxx the unique face and respiratory protection system with the highest safety level. Thanks to a minimized weight of only 330 g (PAPR version: 495 g) and an ergonomic fit the clearmaxx sets new benchmarks in wearing comfort. Combine this with the Optrel swiss air respiratory protection system and you'll enjoy fresh air, completely independent of your activity and your other protective equipment.

Swiss Air Kit:

- 14 hour battery pack
- Adjustable air flow system for more comfort and avoiding dry eyes
- TH3 filters provide ultimate protection, filtering 99.8% of respirable particles out of the air
- Ergonomic, lightweight design for comfortable all-day wear
- Multi-function system able to be worn on its own or underneath PPE
- Positive air pressure design provides breathing protection for everyone and is beard friendly!

Fields of Application

Welding
Grinding
Automotive industry
Building industry
Chemical industry
Refrigeration industry
Food Industry
General industry
Heavy metal industry
Industrial cleaning industry
