Air Cooled Arc Torchology® TIG Welding Torch - T2

EURO Connector
4 Metre

Ex GST
\$407.83

Inc GST
\$469.00

ORDER CODE:	W171C
MODEL:	T2 - EURO
Lead Length (m):	4
Connector Type:	EURO
Connector Size (mm):	~
Maximum Amp Rating (amp):	190

Description

The ARC TORCHOLOGY® T2 TIG Torch has been designed for maximum performance and longer consumable lifecycles. Thanks to exclusive torch technologies, this torch boasts a 30% better power to weight ratio compared to standard UNIMIG torches – more power in a lightweight body!

FORCE COOL™ TECHNOLOGY:

A highly effective series of passages and wells force cool the collet, maximising conductivity and extending consumable life.

HEAT ZONE ISOLATION™ TECHNOLOGY:

Transferred heat from the ceramic cup is isolated by a unique external barrier resulting in cooler running torches with increased power to weight performance ratios.

TUNGSTEN RELEASE SYSTEM™:

Trouble free extension of the electrode with a 180° twist of the back cap. There is no need to remove any other wear parts to extend the electrode.

Features

- ARC TORCHOLOGY® T2 TIG Torch
- 190A AIR COOLED TIG WELDING TORCH
- Rating: 190Amp DC, 135Amp AC @ 35% duty cycle.
- Designed for operator comfort
- Cooling Method: Air Cooled
- Duty Cycle: DC35% @ 190 Amps
- Duty Cycle: AC35% @ 135 Amps
- Dinse Style: Euro Style
- Length 4 Metre
