220 Amp Binzel Style Spool Gun - PLSP240A

6 Metre
220 Amp

Ex GST	Inc GST
$1,073.91	$1,235.00

ORDER CODE:	W181D
Part Number:	PLSP240A
Type:	Spool Gun
Amperage (amp):	220
Electrical Pin Connector:	9 Pin Plug
Duty Cycle Rating: CO2:	60% @ 220amp
Duty Cycle Rating: Mixed Gas:	60% @ 200amp
Includes U-Groove Roller (mm):	1.2
Wire Size Capability (mm):	0.8 - 1.2
Torch Connector (Type):	Euro Connector

Description

The Binzel style 220 AMP Spool Gun has been engineered for maximum performance when MIG welding softer wires, such as Aluminium. Clear plastic housing allows for full visibility of all moving parts, while the motor is rated for a minimum service life of 1000 hours. This torch also features a specifically designed spool-on DURAFLEX™ Performance Cable system, offering outstanding flexibility, with the highest heat and abrasion resistance.
OPTIMISED FOR SOFT WIRE FEEDING
The spool gun positions the wire spool and drive system right at the torch, shortening the wire path and reducing drag. This gives you smoother, more consistent feeding of soft wires like aluminium and removes the risk of kinks, deformation and birdnesting.
MAXIMUM VISIBILITY
The clear spool housing lets you see the wire feed system in action. Check wire levels, feeding consistency and spool rotation at a glance, so you always know your torch is running smoothly.

Features

- Designed to use Binzel 24 Style consumables
- Rated output of up to 220 amps
- Suitable for 0.8 to 1.2mm Wire Size
- Supplied with 1.0mm U-groove roller for Aluminium Wire
- 6 Metre cable with Euro Connector
- 9 Pin electrical connector
