1 YEAR WARRANTY

Description

Maximise your flexibility, portability, manoeuvrability, and storage with the universally compatible heavy-duty T50 Welding Trolley.

- Transport your machine and welding gear wherever you need
- Dual gas cylinder holder that supports up to G sized bottles
- Multiple drawers and cupboard for easy storage

Heavy-Duty Drawers
Sturdy metal drawers provide secure storage for consumables, tools, and accessories, keeping everything organised and within easy reach.

Lockable Main Cabinet
A spacious lockable cabinet offers added security for valuable equipment and parts, ensuring peace of mind in shared workspaces.

Adjustable Locking Sliders
The top platform includes adjustable locking sliders, allowing you to secure machines of different sizes firmly in place without unwanted movement.

Dual Gas Cylinder Capacity
The rear rack is built to hold two full-sized gas cylinders, giving you flexibility to run multiple processes from one trolley.

Dual Torch Holders
Integrated torch holders at the front let you mount both MIG and TIG torches for quick access, reducing downtime between processes.

Cable Management System
The side storage bracket gives you ample room to neatly stow leads, hoses, and torches, keeping your workspace safe and uncluttered.

Lockable All-Terrain Wheels
Equipped with heavy-duty tyres and front swivel castors, the trolley moves easily across workshop floors, over cables, and through tight spaces. The wheels can also be locked and unlocked for maximum stability when stationary.
