Carbide Wood Turning Tools - 6 Piece Set - WT-3C

4 Interchangeable Carbide Chisel Scrapers

Ex GST	Inc GST
$86.00	$98.90

ORDER CODE:	W300
MODEL:	WT-3C
Set Type:	4 Carbide Wood Turning & Tool Set
Number of Pieces (No.):	6
Chisel Size & Type:	12.7mm Half Round & 10mm Triangle, Square & & Large Radius End

Description

These WT-3C carbide turning chisels are a handy tool to own whether you’re new to turning or a veteran. They’re fantastic for harder, more abrasive timbers as there cutting edge last longer than HSS. Standard HSS tools would typically require a lot of sharpening compared to carbide chisels, and because these WT-3C chisels are scrapers you don’t need particularly fancy techniques to get them to work well.

This particular set comprises of a 450mm handle total length, 4 x interchangeable cutting tip shapes (Triangle, Square, Half Round, 2" Radius End) and a clear Lexan deflector to stop the waste material flying into the operator. Simply one lathe tool with four chisel functions for most of your turning needs.

Features
