Description

Feather boards are an essential accessory for safer routing, spindle moulding, bandsaw or circular saw work. This kit comprises of two feather boards that can be used individually, in tandem or stacked. When used as individual feather boards the face height/thickness is 13mm & when stacked the double feather board is 37mm high.

Features

- Two feather boards that can be used individually, in tandem or stacked
- Angled fingers prevent dangerous kickbacks
- 115mm slide adjustment allows different widths of work
- High impact moulded plastic for reliability and durability
- Reverse direction by flipping feather section
- Two-part mitre T-slot bars ensure firm hold
- Feather tips have rounded edges to prevent marking the workpiece
- Suits any 3/4” wide x 3/8” deep table slot

Includes

- 2 x feather boards (100mm long)
- 2 x feather board covers
- 4 x short mitre T-slot bars for 19mm (3/4) T-slot channels
- Knobs, bolts and washers for individual or stack mounting.
