Dust Collector 50 Litre - DDC-50L

1200W motor
HPLV System

New Release

Ex GST	Inc GST
$244.00	$280.60

ORDER CODE:	W390
MODEL:	DDC-50L
Type:	Dust Collector
Airflow (CFM):	109
LPHV - Low Pressure High Volume (Yes / No):	No
HPLV - High Pressure Low Volume (Yes / No):	Yes
Filtration (Microns):	0.5
Inlets / Diameter (No. / mm):	1 x Ø100
Outlets / Diameter (No. / mm):	~
Motor Power (kW / hp):	1.2 / 1.6
Voltage (V / amp):	240 / 10
Floor Space (W x D x H) (mm):	350 x 350 x 650
Nett Weight (kg):	9

Description

The HAFCO Woodmaster DDC-50L Dust & Chip Collector is a compact, powerful extraction solution designed for home workshops, hobbyists and smaller woodworking environments where space is limited but effective dust collection is essential.

Powered by a 1200W high-pressure motor, the DDC-50L operates using an HPLV (High Pressure Low Volume) extraction system. Unlike conventional centrifugal dust collectors, the DDC-50L maintains strong suction when connected to smaller diameter dust ports, making it particularly well suited to bandsaws, scroll saws, sanders and portable power tools.

A two-stage filtration system incorporating a filter cartridge and disposable dust bag provides filtration down to 0.5 micron, helping capture fine workshop dust as well as larger chips and debris.

For maximum versatility, the DDC-50L is supplied with 2 metres of Ø100mm flexible hose, a 5-piece reducer set & 2pcs of hose clamps allowing connection to dust ports ranging from Ø105mm down to Ø35mm. When the 50L drum is full, the quick-action clamp makes removing the motor/filter assembly fast and simple for easy emptying.

Compact, portable and supplied ready to connect, the DDC-50L is an excellent dust extraction solution for the home woodworking workshop.

Features

- Powerful 1200W motor for strong dust & chip extraction
- HPLV – High Pressure Low Volume design maintains suction through smaller diameter dust ports
- 0.5 micron filtration helps capture fine wood dust
- Large 50L steel drum for longer working between emptying
- 2 metre × Ø100mm flexible extraction hose
- 5-piece reducer set suits Ø105mm down to Ø35mm ports
- Quick-action clamp for fast, easy emptying
- Compact & portable – ideal for the home workshop

Includes

- 5-Piece Adapter Set: Ø105mm, Ø70mm, Ø45mm, Ø40mm & Ø35mm
- 2m × Ø100mm Flexible Hose
- 2 × Hose Clamps
- Dust Bag
- Filter Cartridge
