Wetstone Grinder - WSG-200

Ø200 x 40mm, K220 Grinder Stone

New Release

Ex GST	Inc GST
$270.00	$310.50

ORDER CODE:	W650
MODEL:	WSG-200
Grinder Stone (Ø x W) (mm):	Ø200 x 40mm
Stone Grit:	K220
Leather Honing Wheel (Ø x W) (mm):	Ø200 x 30
Grinding Stone Speed (rpm):	115
Motor Power (W):	150
Motor Voltage / Pug Amperage (V / A):	240 / 10
Dimensions (W x D x H) (mm):	430 x 370 x 340
Nett Weight (kg):	9

Description

The HAFCO WOODMASTER WSG-200 Wetstone Grinder is a compact single speed sharpening system designed for controlled and accurate sharpening of knives, chisels, woodworking tools and a wide range of general-purpose cutting tools.

With its lightweight moulded construction, operating at a slow 115rpm, the WSG-200 features a Ø200 x 40mm K220 wet grinding stone that runs through a water reservoir to help minimise heat build-up and protect the hardness of the cutting edge during sharpening. On the opposite side, a large Ø200 x 30mm leather honing wheel is used with honing paste to remove fine burrs, polish the cutting edge and produce a smooth, refined finish.

Forward and reverse wheel rotation provides flexibility for different sharpening techniques, while the adjustable universal support can be configured for horizontal or vertical sharpening. The supplied grinding jig and angle guide provide additional control for accurate and repeatable results.

With its lightweight moulded construction, compact footprint and integrated carry handle, the WSG-200 is easy to move, set up and store, making it an excellent sharpening solution for home workshops, woodworking enthusiasts, maintenance areas and general workshop use.

Features

- Compact and lightweight design makes the grinder easy to move, set up and store
- Slow 115rpm operating speed provides smooth, controlled sharpening
- Ø200 x 40mm K220 wet grinding stone for controlled sharpening
- Water-cooled grinding system helps minimise heat build-up and protect cutting-edge hardness
- Large Ø200 x 30mm leather honing wheel for deburring, polishing and refining the cutting edge
- Forward and reverse rotation for greater sharpening versatility
- Adjustable universal support provides a stable platform for controlled and repeatable sharpening
- Ideal for sharpening knives, chisels, woodworking tools, mower blades and general-purpose cutting tools
- Integrated carry handle for convenient movement and positioning

Includes

- Ø200 x 40mm K220 grit grinding stone
- Ø200 x 30mm leather honing wheel
- Universal support bar
- Grinding jig for straight-edged tools
- Angle guide for setting sharpening angles
- Water reservoir
