# Revenant Welding Helmet - U21032

Suits Mig, Tig, Arc, Plasma & Includes Grinding Function
4 Arc Sensors

| Ex GST | Inc GST |
|---|---|
| $181.74 | $209.00 |

| | |
|---|---|
| ORDER CODE: | W990 |
| MODEL: | U21032 |
| Viewing Area (mm): | 98x48mm |
| Cartridge Size (mm): | 110x90x10mm |
| Arc Sensors (No.): | 4 |
| Light State: | 4 |
| Shade: | 9-13 |
| Shade Control: | Yes |
| Power On/off: | Yes |
| Sensitivity Control: | Adjustable (Internal) |
| UV/IR Protection: | DIN15 |
| Helmet Power Supply: | Solar Cells & CR2450 Replaceable Battery |
| Respirator Power Supply: | ~ |
| Switching Time Light To Dark: | 0.1ms |
| Delay Time Dark To Light (Seconds) (sec): | 0.1-0.8s |
| TIG Rated Minimum (amp): | 3A |
| Grinding Function (Yes / No): | Yes - ON/Off Switch |
| Inactive Shade (Grind/Off): | Yes (External) |
| Operating Temperature: | -5?C to 55?C |
| Storing Temperature: | -20?C to 55?C |
| Helmet Material: | ~ |
| Application Range: | Stick, Mig, Tig, Arc Welding, Grinding, Plasma, |
| Standard: | CE EN379, ANSI Z87.1, CSA Z94.3 & AS/NZS 1337.1 B (High Impact) & AS/NZS 1338.1 (Auto-Darkening) |
| Total Weight (grams): | ~ |

## Description

98x48mm View Size
Get clear visibility in every situation. The 98x48mm viewing area lets you see every weld with complete clarity.
External Grind Button
Seamlessly switch to grind mode with the click of a button. When the helmet is in grind mode a small LED will illuminate, so you don’t need to take the helmet off to check.
9-13 Shade Control
Keep your eyes protected no matter the weld type. With a 9 to 13 shade range, you’ll be covered while MIG, TIG or STICK welding, even when running as high as 500A.
4 Arc Sensors
Detect every arc instantly. The four optimally positioned arc sensors trigger the lens, darkening it and keeping your eyes shielded from the start, even when you’re out of position.
Backup Battery
A CR2450 backup battery improves the performance and reliability of the auto-darkening filter.
4 Point Harness
Get the perfect fit and stay comfortable for hours. Adjust all 4 points of contact to suit you, and have the weight spread more evenly, minimising neck strain.
EliteVision Lens Technology
See your weld clearly in true colour. EliteVision technology allows more colours from the spectrum to pass through the view, giving you better optical clarity and reducing eye fatigue.

## Features

- Clear visibility in every situation with a 98x48mm view
- EliteVision Lens Technology lets you see the weld clearly with a true colour view
- Get the perfect fit and stay comfortable for hours with four points of contact

## Includes

- Core Series Welding Helmet
- Operating Manual
- Carry Bag
- Spare Inner/Outer Lens Cover
