

Product Brochure For Y357

Sabre Saw - Electric - CR13VBY

130mm

ORDER CODE:	Y357
MODEL:	CR13VBY
Cutting Capacity Pipe (mm):	130
Cutting Capacity Steel (mm):	19
Cutting Capacity Wood (mm):	300
No Load Speed (spm):	0 - 3,000
Stroke (mm):	32
Variable Speed Control :	Trigger + Dial
Full-Load Tri-Axial Vibration:	9.0
Cutting Modes (No.):	2
Soft Grip Handle + Cover:	Yes
Reversible Blade:	Yes
Tool-less Blade Change:	Yes
Tool-less Shoe Adjustment:	Yes
Length (mm):	465
Power Input (kW):	1.15
Nett Weight (kg):	4.5
Standard Accessories :	Heavy-Duty Carry Case & 8" All Purpose Blades

Features

- User Vibration Protection counterweight reduces full load tri-axial vibration by 65%
- 12 Amp motor, intense power for rigorous cutting jobs
- Unique 'swing' action for faster cutting of most materials
- Speed controlled by both a pre-set dial and the trigger switch
- Variable speed, both trigger and hand dial adjust for balanced control and speed
- Dual action offers both reciprocating (for metal) and "swing" for cuts twice as fast as conventional orbital action.
- Stroke length of 32mm at 0-3,000spm, for rapid cutting performance
- Blade changing system, quick and easy requiring no tools
- Reversible blade, mountable up or down for varied cutting methods
- D-shaped Elastomer grip handle, maximizes user comfort and control
- Includes heavy-Duty Carrying Case & 8" BIM All Purpose Blades
