Pump Capacity (L/hr):	180
Tank Size (L x W x D) (mm):	700 x 480 x 250
Floor Space (L x W x H) (mm):	790 x 540 x 1320
Voltage (V):	240
Nett Weight (kg):	26

Description

The APW-76 Floor Model Auto Parts Washer is a robust, heavy-duty cleaning station designed for workshops and maintenance areas where larger parts need thorough cleaning. Its spacious tank accommodates medium-sized components, while the sealed recirculating pump system and flexible fluid nozzle provide controlled flow to remove grease, oil, and workshop contaminants efficiently.

Built for safety and convenience, the hinged lid features a fusible link that automatically shuts in the event of a flash fire, ensuring peace of mind during use. Perfect for small to medium workshops or any workspace that requires a heavy-duty, portable floor model, this washer delivers professional cleaning performance every time.

For even more precise cleaning, the optional APW-BR Brush is compatible — ideal for reaching tight spots and detailed areas on components.

Features

- Heavy-duty welded steel construction – durable and built to last in busy workshops
- Spacious 76L tank / 45L fluid capacity – handles medium-sized parts with ease
- Sealed 240V recirculating pump – efficient flow at approx. 180L/hour
- Flexible nozzle – directs cleaning fluid exactly where it's needed
- Removable shelf – supports parts and protects the pump from debris
- Hinged lid with fusible link – automatically shuts in the event of a flash fire
- Portable floor model – easy to move into position while remaining stable

Optional Accessories

- APW-BR Brush (A376)
